Tata Consultancy Services.

September 2020 to January 4 2022.

Received training in Back end technologies like  
Java, Python, Node JS, Front end technologies  
like HTML, CSS, JavaScript.

Worked within a team to provide technical  
support and collect and analyze data about  
Virtual Machine( system ) failure.

## Projects

Created a project to list places up for rent.

Used M E R N technology stack.

A user can create a place, add photos and

add details about the place like check in  
time check out time etc.

A user can book the place and the booking is  
displayed under my bookings tab.
